

Dates for Your Diary

Web Conferences

Tuesday 20th October and Tuesday 24th November 2009

10.30 a.m. – 12.30 p.m.

Following successful trial of the web-conferencing facility, the Children Acts Advisory Board will be broadcasting two events presenting results from our research programme.

The first event on **20th October** will launch the results of our research into **Putting Research Evidence to Work** with responses from senior policy makers, managers, practitioners and the research community.

The second event on **24th November** will launch the results of our research on **Inter Agency Working** and will include presentations on three separate aspects of the research.

The reports being launched at these web conferences will be available in advance on our web-site and a recording of the event and any material will be available after the live event.

The web conferences will be free. To join the conference you will need a computer with an internet connection. Participants may view the conference either individually or in groups.

Full details on how to register and participate will be circulated widely early in September.
